Hello everyone

The date of the CNCC AGM for 2016 has changed from Saturday 26<sup>th</sup> March (as previously advertised) to **Saturday 5<sup>th</sup> March**, to avoid a clash with the Easter weekend. Please put this date in your diary and all full member clubs please aim to send a representative.

As always there are 14 positions on the CNCC Committee available to full member clubs, and a number of Officer positions available to any interested individuals.

We have a new section on the CNCC website called 'Get Involved' which should explain a little about what being on the Committee or being an Officer involves:

<http://www.cncc.org.uk/getinvolved/>

The new date for the AGM means **the deadline for providing notification of your intention to stand for an Officer or Committee position is 9<sup>th</sup> January** (this is true also for current Committee/Officers wishing to restand). I would therefore urge you to consider this BEFORE Christmas.

Notification needs only be an informal email to me (secretary@cncc.org.uk), ideally with a very short statement about why you are applying and any other relevant information. This will be circulated to all full members ahead of the meeting.

Additionally, if you have any items you would like to propose or suggest for discussion with the CNCC membership at the AGM please let me know by the same deadline.

As you will no doubt have seen from our last few newsletters, there is considerable momentum at the moment towards improving access in a number of key regions, and towards making the CNCC an organisation that supports even more areas of caving than ever before. It would be great to welcome some new clubs to the Committee or Officers to the team to be part of this.

I am always happy to answer any questions, please just drop me an email.

Kind regards

Matt Ewles  
Secretary, Council of Northern Caving Clubs
